Administrator will be replaced

Nashville management company lands local hospital contract

By WAYNE DUCOMB JR.
Hospital Corp. of America
Management Co. will begin managing
Hancock General Hospital Monday
morning.

The hospital's board of directors
unanimously selected the Nashville
based company in closed session
Thursday night.
Hospital Administrator Harry

Gilmore has been ruled out as HCA's
administrator, but will be retained as a
consultant until Dec. 5.
In two meetings early last week the
board reviewed written proposals and

discussed the reports with company
representatives before selecting two of
four companies for further con-
sideration.
Board President Rev. Charles
Johnson of Christ Episcopal Church in
Bay St. Louis said Friday, "I'm very
pleased, delighted and overjoyed with
the board's selection. I think this is a
great day for Hancock County."

"Two things led to our unanimous
decision. HCA's fee was lower and the
financial impact figures they quoted
were more realistic," Johnson ex-
plained.

HCA will manage Hancock General
for \$87,500 per year under a three year
contract and proposes to save the
hospital \$279,000 annually.
Johnson said the savings figure was
derived from revenue control at \$48,000,
supply savings at \$48,000, reim-
bursement costs in report preparation
fees at \$3,000, accounts receivable and
bad checks at \$110,000 and staffing at
\$72,000.

HCA Development Director Robert
Hardison Jr. said in Nashville Friday
that his company's fee should be
deducted from the savings figure for an
actual figure.

However, the government
Medicaid-Medicare program will
reimburse the hospital some 74 percent
of HCA's fee.

Hospital Affiliates Management
Corp., also a Nashville company, of-
fered its services for \$98,000 per year
with a projected savings figure of
\$123,780.

The board president reported, "We
also met with the Public Accountant,
James W. Wilkerson of Laurel at our
meeting and he advised us that HCA's

BWYC hosting Mallory Cup races this week

By EDGAR PEREZ

The Bay-Waveland Yacht Club this
week hosts the prestigious North
American Men's Sailing Championship
races for the Clifford D. Mallory Cup.
Preliminary Briefing and practice
races are slated for Wednesday at the
club.

The first of three championship races
Thursday is scheduled to begin at 10
a.m.
The more races are scheduled
Friday, and two final races Saturday,
with first race starting time both days
at 10 a.m.

Climaxing a week of social events at
the club in connection with the
championships will be an awards
dinner Saturday at 7 p.m. with en-
tertainment by the Rampart Street Six.

If necessary due to weather or wind
conditions, make-up races are
scheduled for 10 a.m. Sunday.

Eight area champions and crews,
representing eight geographical areas
of North America are scheduled to
compete for the Mallory.

Representing Area D, which com-
prises the Mississippi Gulf Coast and

New Orleans areas, this year will be
Helmsman Daniel B. Killeen Jr. of New
Orleans and Crewmen Greg Somier
and Dwight LeBlanc III.

Other Mallory area finalists expected
here this week include:
Area A - Helmsman Fran Charles of
Cohasset, Mass. and crew Steve Clancy
and Bob Slattery.

Area B - Helmsman David Dellen-
baugh of Fairfield, Conn. and crew
John Wallace and Jamie Brown.

Carnival again highlights Hancock County Fair

By EDGAR PEREZ

The Hancock County Fair and
Livestock Association opens its 10th
annual Fair and Livestock Show
Tuesday, highlighted by the return of a
carnival production featuring seven
thrill rides, five kiddie rides, ferris
wheel and carousel.

The element of excitement usually
associated with the annual event here
was absent last year when the
association voted not to bring in a
carnival show in connection with the
fair.

The association's action followed a
shut-down of a fair carnival the
previous year by then - Sheriff Sylvan

Ladner because of violence which
broke out between fair-goers and
carnival employees.

"We're not just a run-of-the-mill
carnival operation, we really take pride
in our appearance and performance,"
said Bud Altieri, spokesman for Hale's
Shows of Tomorrow of Tulsa, Okla.

Altieri said his organization "tries to
combine the advantages of a big show -
lots of rides - with a down home kind of
friendliness on the midway."

"We're bringing a new giant spider
ride along with seven other thrill rides,
seven standard and kiddie rides and
about 25 games, plus cotton candy and

the usual carnival "goodies," the
production's general agent added.

Association President Walter Turcott
Jr. of Waveland has issued a welcoming
invitation to area residents "to par-
ticipate in all of the current activities
and future endeavors of the
association."

"It is only through your active sup-
port that activities such as this can
prosper and make our community a
better place," Turcott continued.

"We encourage you to become
members of our association by con-
tacting John Smith, Hancock County
Agent, for particulars," the fair
president added.

Turcott said displays and booths may
be set up beginning at 6 p.m. Monday at
the Fairgrounds on Longfellow Road in
Bay St. Louis.

No exhibits will be accepted,
however, until 1 p.m. Tuesday, he
noted.

The carnival production will open
Tuesday and run through Saturday
night.

Turcott reported the following
schedules for fair events:

TUESDAY
1 p.m. - 8 p.m. - All non-perishable
exhibits entered for Adult & Youth.
7:30 p.m. - Fashion Show.
All booths must be completed.

WEDNESDAY
8 a.m. - 10 a.m. - All perishable
exhibits (flowers, vegetables, baked
goods) must be entered by 10 a.m. (No
non-perishable exhibits accepted).
11 a.m. - 4 p.m. - Exhibit Hall closed
to the public.

1 p.m. - Judging of exhibits.
1 p.m. - 9 p.m. - Check in beef cattle,
swine, dairy cattle and poultry. (Must
stay on the grounds until Saturday,
September 27, 2 p.m. or forfeit
premium).

4 p.m. - 9 p.m. - Exhibit Hall open to
the public.
7:30 p.m. - Farm Bureau Queen and
Talent Contests.

THURSDAY
2 p.m. - 9 p.m. - Exhibit Hall open to
the public.
5 p.m. - Judging all livestock
exhibits.

FRIDAY
9 a.m. - School Field Day
8 a.m. - 12 Noon - Exhibit Hall open

1 p.m. - 3 p.m. - Pet Show
6 p.m. - "H" - Horse Show (Halter
Class only).
6 p.m. - 10 p.m. - Exhibit Hall open to
public.

SATURDAY
2 p.m. - 4 p.m. - Exhibit Hall open to
public.
2 p.m. - Livestock may be removed
from Fairgrounds.
4 p.m. - 6 p.m. - Check exhibits out
from Exhibit Hall.

Local UW initiates '100 Percent Club'

By WAYNE DUCOMB JR.

The United Way of Hancock County
Board of Directors unanimously voted
at a recent meeting to establish a "100
Percent Club" for corporate employee
contributions.

Now entering the fourth week of its
annual two month fund raising cam-
paign, the organization reports
collections total \$8,058.
This year's campaign goal is \$40,000.

Campaign Chairman Dick Kosbab of
Bay St. Louis stated, "Incorporated
businesses with all employees con-
tributing to the local United Way will
receive a handsome certificate naming
that company as a 100 Percent Club
member."

"In addition, names of corporations
gaining club membership will be
released to the local news media
throughout the campaign," the 1980
campaign chairman explained.

Kosbab said companies wishing to
join the 100 Percent Club must show
that all employees have contributed
with either a bank deduction, payroll
deduction, pledge or cash.

"Forms for club contributors are
available by calling the local United
Way at 467-5358 or by calling me at
Hancock Insurance Agency in Bay St.
Louis," Kosbab reported.

The local United Way helps fund 15
agencies. Out of those agencies 10 have
local offices which directly serve
Hancock County residents.

Sheriff investigating BaySide dog deaths

By ELLIS CUEVAS

A rash of dog killings in BaySide Park
Subdivision, including the death of one
animal slated to become the seeing eye
dog of a child who is losing her sight, is
being investigated, according to
Hancock Sheriff Ronald Peterson.

Peterson said, "A couple weeks ago
four dogs were killed and placed in a
pile on one of the BaySide Park roads."
"Today we received a call from a
resident of the subdivision telling us
that her dog was dead in her yard and it
had been shot by a rifle," Peterson
stated.

The sheriff reports all of the dogs

have been shot by a rifle, adding it is a
felony to shoot dogs.

"There is evidence that the first dogs
killed were owned by a family living in
BaySide which has been involved in a
disagreement with others there,"
Peterson stated.

Delbert Seay, sheriff's investigator
handling the case, reported "one of the
dogs killed earlier was a German
Shepherd owned by a little girl who is
losing her eye sight."

Seay said, "The dog which was
raised with the girl was going to be sent
to a new home."

Ford's Laurel visit pleases GOP official

The visit of former President Gerald Ford to Laurel last Wednesday has made a major impact upon the feelings of Mississippians toward the Reagan-Bush campaign for the presidency, according to Charles Pickering, chairman of the event.

"When one of the most trusted political figures in America points out the tremendous failure of the Carter Administration in every area - economy, national defense, foreign relations - and says he is strongly supporting the Reagan-Bush ticket, it says something to the public about our present leadership situation," Pickering stated.

"President Ford said he understands Ronald Reagan, has studied his record, and believes he will make a good president."

"Former President Ford was enthusiastically received by a crowd of 3,000 or more at the breakfast in Laurel," Pickering said.

"He very clearly stated the difference between Governor Reagan and his opponent, pointing out that the Reagan presidency would be one of which we could be proud, and that George Bush would make an excellent helpmate," he added.

Ramada Inn in Laurel. This marked the first visit by a president or former president to the Laurel area.

proposal was reasonable.

"If we can get 70-74 percent back on HCA's fee we will be in real good shape," Johnson added.

Hardison said a new administrator had been selected, but would not reveal a name.

"I wouldn't want to comment about the new administrator until I meet with the board Tuesday," Hardison stated.

However, the Nashville executive ruled out Gilmore for the job.

Hardison did reveal that Bill Williams of HCA's Internal Audit Department in Nashville has been selected as Hancock General's controller and Emma Watts, director of Doctor's Hospital in Mobile, will be acting in a consulting capacity to Acting HGH Nursing Director Kathy Savage.

"Savage is real sharp and I believe she's a good candidate for director of nursing," the development director said.

Regarding an upcoming Joint Commission on Hospital Accreditation reinspection scheduled for Oct. 21, Hardison said he did not know if the hospital could pass the inspection.

"A U.S. Health Education and Welfare inspection is scheduled for Tuesday. I've been an administrator for many years and I will personally be at the hospital for two days to assist until I get a replacement," Hardison reported.

"We will make an assessment of all departments and find out their needs," the development director stated.

to Jackson to be trained as a seeing eye dog."

In other matters, Peterson said that Golda Lester, 34, Route 4, Box 48, Bay St. Louis has been released under \$10,000 bond after being charged with in connection with a burglary at the home of J.C. Shubert, Ted Lyman, Subdivision.

Lester was arrested by Deputies Fairley Nacale and Mary Beth Iwaniczky after affidavits were signed

by Shubert, according to Peterson. "An alarm system was heard by a neighbor and Mrs. Lester allegedly was seen leaving the residence. No times were reported missing. Shubert reports that he has had several burglaries," Peterson allowed.

Investigator Alvin Ladner is in charge of the case.

A preliminary hearing for Ms. Lester is scheduled Tuesday before Justice Court Judge John Chevis.

Hancock Bank promotes two on executives level

Leo W. Seal Jr., president of Hancock Bank, announced the promotion of Robert Guy Chatham to assistant auditor and Charles E. Hargrove Jr. to compliance officer, following a meeting of the bank's board of directors.

Hargrove, whose appointment to the new position of compliance officer was effective in August, will be responsible for insuring that the bank's policies comply with Federal regulations.

He has extensive experience in all phases of consumer

lending, and since joining the bank staff in 1978 has worked in the special collections, credit and loan review departments.

Hargrove received a degree in banking and finance from Mississippi State University in 1973, and is a 1969 graduate of Ocean Springs High School.

He is a member of the Baptist Church and lives in Ocean Springs with his wife and two children.

Chatham, assistant auditor, is a 1968 graduate of Gulfport High School and earned a

bachelor of science degree in business administration from the University of Southern Mississippi in 1974.

Before joining the bank staff in 1979 he was a bank examiner with the Federal Deposit Insurance Corporation for five years.

He is a member of the Bank Administration Institute, the American Institute of Banking, and served with the U. S. Air Force Reserve from 1969 to 1975. Chatham is a member of the Methodist Church.

Hancock County Fair grounds will be very busy this coming week.

A large amount of activities are planned for all ages, county and city folks.

There will be a field day on Friday for the boys and girls of all ages sponsored by the Bay St. Louis Rotary Club.

Cash prizes will be awarded in addition to ribbons for the winners in events such as a 50 yard dash, sack race, three-legged race and even a backwards race.

Wednesday night there will be a talent and beauty show sponsored by the Hancock County Farm Bureau.

Friday will also have a pet show, halter classes for horses, so the fair will involve all areas of the county.

Local homemakers, county farmers and city gardeners will be able to display their produce, baked goods, flowers and just about anything.

Beef cattle, swine (hogs), dairy cattle and poultry will also compete for prizes.

The exhibits will be open on Wednesday, Thursday and Friday at certain times, and we would like to urge all to try and attend.

There will be booths displaying various items, and some booths selling items such as potted plants, junk and what have you.

Then top all of this there will be rides of all types for every age.

See you at the Fair!

The Bottom Line

Candid Answers To Your Questions About Advertising and Business Topics.

By S. GALE DENLEY

A while back you did a piece on utility advertising, which I misplaced. Could you review the points? I'll keep them this time.

Dear IKTTT: I'll gladly cover it again because the necessity for repetition of a message was a major theme of the response.

As I recall, the piece was in defense of the practice of utility company advertising, especially their promotion of energy conservation.

The person who wrote was complaining that such advertising expenditure further increased the cost of his utilities.

We pointed out that the role of advertising is usually to increase volume, which should ultimately result in a savings to consumers.

But this is only true when increased production results in a lower unit cost, allowing retailers to charge less for high volume items. In most retailing situations turnover regulates profits to a greater extent than markup.

In the case of energy, however, the market has exactly the opposite complexion, and the volume principle works in reverse.

Regardless of your position on energy production, it must now be recognized that resources are in short supply. Deregulation and removal of bureaucratic barriers to development of new supplies and alternative sources would ultimately change the market, but for now the unarguable fact is "shortage."

Power companies in particular usually have several energy sources, which range in cost—hydroelectric (water driven turbines in dams) is very low cost, nuclear is relatively inexpensive when compared to coal and fuel oil, which are the highest in cost.

So as demand increases to the point where the next most expensive option is put into service to meet the need, rates for the service must go up.

Conservation, therefore, is the only answer for now. It may be temporary should more, or alternative, sources be developed. It will be permanent should there be no further development.

But conservation is not something you do or don't do. It's an attitude. Abundant power with promotional rates to increase usage took several decades of advertising to establish in the public mind.

An energy conservation attitude cannot be established by bureaucratic directive. It, too, will require an all-out barrage of publicity and advertising.

Higher utility rates will not be effective in curtailing usage—inflationary, but not effective. Rationing might work, but advertising designed to replace the prevailing attitude will work. But it will take time. And it will save you money.

TO SALUTE BUSINESS

Principles of the free enterprise system have provided Americans with the greatest freedoms and standard of living known.

In recognition of these benefits, the President and Congress have designated Friday, October 3, as American Enterprise Day.

The American Enterprise Center, one of the programs of the Mississippi Economic Council, has planned a schedule of activities for the week of October 3 to help the state celebrate this special salute to business.

Activities will include joint meetings of civic clubs for American enterprise programs, over 100 American enterprise addresses to civic and school groups, a series of American enterprise workshops for Mississippi teachers, special programs for various grade levels in public and private schools, and special publications from the American Enterprise Center highlighting the benefits of the free enterprise system.

The American Enterprise Center will be encouraging Mississippians to remember that the American enterprise system is the cornerstone of our way of life. Ours is a system that depends on and rewards individual initiative and innovation—a system whose produc-

tivity is vital to the world's economy, the continuance and growth of our free enterprise system is vitally dependent on the education of America's young men and women.

POSITIVE RESPONSE NEEDED
Mississippi has been recognized as having the most favorable business climate in the United States, but a recent report indicates that the state's economic advantages may be curtailed in the next decade.

In a 1980 report distributed at a recent meeting of the Southern Governors' Association, the Commission on the Future of the South predicted that the economic advantages that southern states have over the North will be erased by 1990.

Factors taken into consideration in the report included diminishing sources of cheap and abundant energy in the South, aggressive industrial recruiting by the North, and the end to the labor movement's organizing and lower living costs in southern states.

The Mississippi Economic Council—the state's oldest business organization—believes that the state must take positive action to maintain its economic advantages.

Precautions Curb Football Hazards

So you're going out for football this fall!

All over the nation American males are tossing and kicking and running with footballs, all the way from 8-year-olds in the backyard to junior and senior high and college teams to the big bruisers of the professional ranks.

Football is a rough contact sport and inevitably will produce its full quota of bumps and bruises, strains and sprains, cuts and gashes. Most of these aren't serious and the lads concerned are back in the game shortly.

The American Medical Association reminds that a thorough medical examination is important for boys preparing to go out for football, to make certain there is no physical condition that should be noted before starting the rigorous training and hard knocks of the game.

Proper physical conditioning hardens the body and increases resistance to fatigue, thus helping prevent injury.

A minimum of three weeks of conditioning are recommended prior to the first game of the season.

Good coaching enables the players to perform better and thus be less prone to injury. Good officiating makes

care, with a physician readily available for practice

drills and on the bench during games, are major factors in cutting down on serious injuries.

Precaution against the extreme heat of early season practice is important. Many coaches schedule hot weather workouts in the early morning and late afternoon to avoid the heat of the day. The old rule against drinking water during drills and games has long since been proved dangerous. Water is necessary to replace fluids lost through copious sweating.

If your boy is playing on an organized team, the chances are that all of these safeguards are observed. If most of his playing is done on vacant lots, it becomes the parents' responsibility to see that the player has the benefit of the safeguarding principles.

for better games and also helps protect the players. Proper equipment and facilities are important to reduce injuries. Good first aid procedures and medical

OFFICE OF THE SECRETARY OF STATE

The Secretary of State's Office is now occupying permanent quarters in the Heber Laddner Building. This building is the old Executive Building which has been renovated and renamed in honor of former Secretary of State, Heber Laddner. We invite members of the public to visit with us in our new facilities.

The Secretary of State's Office recently conducted an official survey of registered voters, the only such survey conducted by State Government in modern times. As of June 1980, the survey indicated that there were 1,431,193 registered voters in Mississippi. The county by county survey of each circuit clerk's office showed that there were 286,057 registered voters in the First Congressional District; 253,274 in the Second Congressional District; 319,021 in the Third Congressional District; 289,603 in the Fourth Congressional District; and 285,258 in the Fifth District. The survey also revealed that the lists of registered voters are computerized in 15 counties. We thank the circuit clerks for their cooperation.

The Public Lands Division, newly created within the Secretary of State's Office, is charged with the former responsibilities of the state land commissioner. Since January 1, 1980, the Lands Division has issued 50 patents, recorded 194 applications for purchase of tax forfeited property and handled 378 disclaimer requests.

The Lands Division is presently reviewing the 16th Section files submitted by the county boards of education. Sixteenth Section Workshops were conducted during June and July in the following locations throughout the state: Indianola, Forest, Brookhaven, Hattiesburg, Gulfport, Starkville and Jackson. This Division is also involved in the publication of a booklet containing the Attorney General's Opinions which have been issued regarding 16th Section land.

The Publications Division has in the past two months published and mailed Advance Sheets numbers 61 and the Judicial Directory, comprising a total of 80,518 pieces of mail. We are now in the process of compiling the information for the 1980 Judicial Directory and the Registrar Blue Book and hope to have it published by January of 1981. The Judicial Directory and Court Calendar is now available for distribution. Maps of counties with two judicial districts are included in this year's edition of the Court Calendar.

Coroner responds

Sept. 21, 1980
To the voters
of Hancock County,

The Hancock County Coroner's Office files a report with the Circuit Court Clerk's office on all deaths which are legally coroner's cases, that is all accidental and natural deaths which occur outside hospitals or without doctor's treatment for at least ten days.

A letter to the editor in the previous edition of the Sea Coast Echo implied the coroner's office may in some way be responsible for an alleged listing of deceased on current voter rolls.

Removal of the names of deceased from voter rolls is the sole responsibility of the Circuit Clerk's office.

Sincerely,

Ashton-Greene tags national security advisor 'self-serving'

Letters to the Editor
The Sea Coast Echo
Bay St. Louis

Dear Sir:

Recently, ex-Ambassador to Iran, William Sullivan, 1977-79 reported in a magazine article that Zbig Brzezinski, the President's national security advisor, urgently entreated Sullivan to attempt some maneuvering and manipulating for a coup d'etat of the revolutionary Shi'ite regime after the Shah's overthrow.

Zbig, as expected, said Sullivan's accusations were "self-serving."

No wonder the Iranians are procrastinating on the release of the hostages - not knowing whom to believe or what to expect.

However, in my perception of Zbig, his past, his Polish tilt, and in recent testimony on Billy Carter's Libyan connections, I can only observe a no more "self-serving" official in the corridors of government.

Cordially,

Library System

summer programs reach 3,848

September 18, 1980

Editors,
Sea Coast Echo
Bay St. Louis

Gentlemen,
Once again the Hancock County Library System had a most rewarding and busy summer serving the young people in our county. We are proud to offer the only free, county-wide summer activity and reading program open to all children and young people in our communities.

This year's program, coordinated by June Dearman, reached proportions that we did not anticipate.

The total attendance for activities held at the headquarters library in Bay St. Louis, Kiln Library and Waveland Library was 3,848.

In addition to magic and puppet shows, crafts, games, contests, and movies, the participants read books in order to reach their individualized reading goals.

We were very pleased that 408 young people attained their goals and received reading program certificates. 368 of these were awarded at the Bay St. Louis Library; 11 at Waveland Library; and 82 at the Kiln Library.

We greatly appreciate the publicity given the Hancock County Library System Summer Reading Program by the Sea Coast Echo.

The staff is always most cooperative in helping publicize library events, but we are especially appreciative for the assistance given during the summer months.

Without your cooperation and support our program would not have been the success that it was.

Sincerely,
Prima Wusnick, Director

Rotten Bayou Cemetery pre-dates marked graves

ROTTEN BAYOU CEMETERY By JOE PILET

Legend says Rotten Bayou Cemetery was an area used for burials many years before the earliest marked grave was recorded.

One of the earliest marked burials in this cemetery is that of Adele Ladner, wife of John Moran, born Nov. 2, 1821, died June 8, 1851, buried in a tomb in the North East part of the cemetery.

One of the earliest marked burials in this cemetery is that of Adele Ladner, wife of John Moran, born Nov. 2, 1821, died June 8, 1851, buried in a tomb in the North East part of the cemetery.

Early funeral processions to this cemetery wound their way through the waterways emptying into the Bay of St. Louis via Jourdan River and Rotten Bayou before a road to

the cemetery was constructed.

So named because Indians used the banks of this stream as a butchering place for animals and threw the remains into the waters to rot, the Rotten Bayou Cemetery was donated as a free burial site for all residents wishing to be buried there. The only stipulation was the erection of a fence around the chosen grave site. This requirement resulted in many fenced-in areas with a wide assortment of fences. It is said the fences were constructed for the purpose of keeping roaming animals out and also to help designate ownership.

It has long been an established custom on All Saints Day for plot owners to have family re-union day, cleaning the grounds and placing flowers on the graves. Masses are said. The Hancock

County Board of Supervisors is responsible for the upkeep of the cemetery. Grounds are periodically replenished with the white sands from the river's bank.

Mrs. John D. Moran, who lives in Hattiesburg, has done considerable research on Rotten Bayou Cemetery. In a letter to this writer she said: "There is a hope to obtain records of all burials in this cemetery and to locate its precise boundaries. We hope to work with Mr. Mauffray and Father Legere to accomplish this and to publish it in Mississippi Coast Historical and Genealogical Society's publication. In our contacts with Coast residents during the past years we have been given the names of at least three different persons who allegedly donated the land for this cemetery. If your research has satisfied you,

however, that Felicite' Moran Cuevas may be safely assumed to be the donor, you may be interested in some of the following information on this lady:

"Felicite' Morin was born on the first day of May of the year 1808, legitimate daughter of Peiro Morin of Bay St. Louis and of Judith Nicalse

also of Bay St. Louis." (The headstone on Felicite's grave in Rotten Bayou Cemetery gives birthday May 2, 1808.)

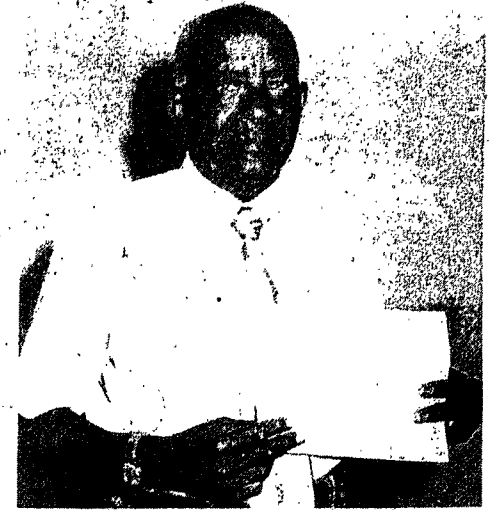

"Felicite's paternal grandparents were Joseph Morin and Luisa Ladner; maternal grandparents Martial Nicalse and Luisa Bautista Ladner.

"In our continuing research

into the histories of these and other first families of the Gulf Coast, we have collected documentation on the above and facts from St. Louis Cathedral, Cathedral of Immaculate Conception in Mobile, National Archives, Quebec, and Mississippi Provincial and Territorial Archives."

MAURICE SINGLETON JR. of Bay St. Louis has been appointed an admissions counselor in the high school and junior college relations office at the University of Southern Mississippi with primary duties of student advisement and recruitment. He was captain of the basketball and track teams at Bay St. Louis High School and was named "Most Athletic" his senior year. Singleton received his BS degree from USM in Journalism and served

as senator in student government. He was an American Legion Award recipient, a staff writer for the Student Printz, and the Afro-American Cultural Society's vice president. He is a member of Omega Psi Phi fraternity and currently serves the organization as staff advisor to the campus chapter. Prior to his new position, Singleton taught English to non-native speakers in the English Language Institute at USM.

Hawks defeat Bay High at Tiger Stadium

By WAYNE DUCOMB JR.
In a hard-hitting penalty-riddled Friday night Bay St. Louis football game, the Hancock North Central High School Hawks came back in the second half to defeat the Bay Senior High School

Tigers, 22-11. A relatively moderate representation of fans turned out rooting for both teams at Tiger Stadium, apparently due to threatening weather conditions. Light rains earlier in the

day offered a damp playing surface to the teams. Early in the first half Tiger Quarterback Steve Seymour fumbled a handoff with North Central recovering the ball on Bay High's 43 yard line. Three downs later Hawk

Quarterback Bobby DeVaughn fumbled the ball to Tiger Split End Gary Karl on Bay High's 38 yard line. Bay High then began hammering down field with a variety of plays enhanced by a variety of North Central

penalties. In a fourth and eleven situation on the Hawk 11 yard line, a North Central penalty placed Tiger Kicker Van Fayard in easy striking distance.

Fayard kicked a classic end-over-end field goal dead center through the uprights placing Bay High ahead three-zero late in the first period. Throughout most of the second quarter both teams battled for yardage with the Hawks losing ground with several penalties.

Then, deep in North Central territory, a pass intended for Seymour was intercepted by Hawk Fullback Glen Moranto on the 10 yard line.

In the play Bay High Split End Dennis Rhodes was dazed by a North Central defensive blow and was taken from the field and a clipping penalty drove the Hawks back in their own end-zone.

Bay High Fullback Mike Proulx in the following play blasted through Hawk defenders to sack Halfback Lloyd Henry in the end-zone giving the Tigers a two point safety and a first half score of five-zip.

The Hawks kicked off with about two minutes left in the half from their own 20 yard line to Tiger Wing Back Stephen Hargett on the Bay High 30 yard line.

In a spectacular kick-off return Hargett weaved his way down field to the North Central 37 yard line.

The next down saw Hargett make a fingertip catch of a pass from Seymour on the Hawk 33 yard line.

Two downs later Seymour handed off to 137-pound Running Back David Gillum who was also dazed in crushing tackles from opposite directions by two monster Hawk defenders.

But Bay High couldn't punch through to the end-zone and a Tiger penalty put Fayard's field goal attempt short of the uprights.

Halftime featured dazzling performances by the Tiger and Hawk bands.

The second half began Bay High's downfall with Hargett fumbling the kick-off and North Central gaining possession on the Tiger 28 yard line.

Hargett was again injured and had to be carried off the field.

The fired up Hawk offense took advantage of the good field position and within four downs scored their first six points in the contest.

The Hawk two-point conversion set the score at eight-five only two minutes into the third period.

In the third quarter Rhodes suffered two more injuries and was finally carried off the field. Gillum suffered a leg cramp.

Then with the Bay High offense deep in their own territory Seymour fumbled the ball to the Hawks on the nine yard line.

With 56 seconds left in the third quarter, DeVaughn passed to Halfback Faron Hoda to bring the score to 14-five.

A two point conversion upped the score to 16-five.

Beginning the fourth quarter, in a Bay High third and 19 situation on their own 10 yard line, Seymour rifled a pass to Hargett on the Tiger 40 yard line.

Outrunning three North Central defenders Hargett streaked 60 yards for a Bay High TD.

But in a bungled fake kick play Fayard was sacked by a host of Hawk defenders.

After Bay High regained ball possession, in a second and 10 situation on their own 45 yard line the Tigers fumbled the ball to North Central Tackle Oren Seals.

The Hawks then began hammering down field with Henry weaving his way to the Bay High 18 yard line.

In a third and nine situation on the Tiger 15 yard line with about six minutes left in the

game, DeVaughn rolled out and passed to End Rodney Necaise all alone in the end-zone for the final score of 22-11.

The Hawks failed on the conversion effort. Hargett returned the Hawk kickoff from the Tiger 10 yard line to North Central's 37 yard line where Center Keith Glass knocked the elusive Wing Back into the sideline.

Bay High again lost good field position when Seymour was sacked on the first down by Hawk Fullback Chris Witfield and Seals picked up the fumbled pigskin.

The Hawk offense charged to the Tiger 33 yard line, but couldn't punch through to the Bay High goal line.

The Tigers gained possession, but couldn't fight out of their own territory.

Then Seymour threw a wild pass intended for Gillum which was intercepted by Hoda on the North Central 48 yard line with one minute and 11 seconds left in the game.

The Hawk offense held on

the the football and ran the clock out.

HNC Head Coach. Irvin Favre said just after the contest, "We played poor in the first half and good in the second half."

Tiger Head Coach James (Snuffy) Smith reported, "We played with a lot of injuries."

"The first half we played a pretty good ball game and in the second half we turned the ball over too many times to deserve winning the game," Smith stated.

"We had problems stopping the veer attack out of the pro slot. This is something we'll have to work on because Pass Christian likes to run the veer also," the Bay High coach explained.

The Tigers will play the Pirates Friday in Pass Christian.

"We're plagued with a lack of experience, but we've got seven games left and we'll get the experience we need," Smith said.

"Seymour's got problems passing to a secondary

receiver," he added.

"Hancock played a good ball game and I commend HNC on their performance—they did a good job," the Tiger coach stated.

Game statistics show HNC gaining 10 first downs to BHS's eight.

Rushing the Hawks gained 199 yards and Bay High earned 34.

Bay High gained 121 passing yards to North Central's 27. DeVaughn passed eight times, completed five and did not have any interceptions.

Seymour threw 15 times, completed six and had two interceptions.

North Central punted three times averaging 29 yards.

Bay High punted twice for a 31 yard average.

The Hawks fumbled once and lost the ball.

The Tigers fumbled four times and lost the ball each time.

North Central had some 12 penalties losing 105 yards while Bay High had six penalties losing 68 yards.

HAWKS SCORE AGAINST TIGERS—Hancock North Central High School Hawk football players jump for joy as they score six points in their contest with the Bay Senior High School Tigers. The Hawks won the Friday night game at Tiger Stadium in Bay St. Louis, 22-11. Tiger players are, from left, Tackles Tony Fisher, No. 66, and Mike Fitzgerald, No. 65; Full-

back Van Fayard, No. 42; Split End Gary Karl, No. 28; and Center Jeffrey Smith, No. 75. Hawk players are, from left, Tackle Oren Seals, No. 76; Fullback Glen Moranto, No. 40; Guard Robert Echols, No. 64; and Halfback Matthew Pardow, No. 28. (Staff photo by Wayne Ducomb Jr.)

St. Stanislaus remains undefeated

Rock-A-Chaw defense too much for St. John

By RANDY PONDER

Taking advantage of five turnovers and a blocked punt, the St. Stanislaus Rock-A-Chaws handed the St. John Eagles their first loss of the season, 20-7, Friday night in Bay St. Louis.

In a game marred with 18 penalties, the Eagles scored first.

Following a successful on sides kick to start the action, St. John was unable to move the ball.

However, the Rock-A-Chaws fumbled on their first series of downs setting up the Eagle score.

St. John quarterback Marvin Koury rambled in from one yard out with 7:24 on

the first quarter clock.

The extra point conversion was the last point the Eagles would score, although they threatened several times.

St. Stanislaus tied the game early in the second period, after Lee Klein got his second blocked punt in as many games.

With good field position at midfield, Rock-A-Chaw quarterback Joe Gex and fullback Mike Hourin took turns running the football.

Gex scored on a three yard quarterback keeper. Juan Betanzos added the PAT to knot the contest a 7 all.

On the next set of downs, the "graveyard" defense again set up a Rock-A-Chaw touchdown.

Juan Betanzos recovered an Eagle fumble and returned the pigskin all the way to the St. John four before the pursuit caught up.

Mike Hourin got the points on a three yard dash off tackle. Betanzos' extra point try went over the goal posts and the cemetery wall.

The half ended with the Rocks ahead 14-7, as a 45 yard fieldgoal attempt fell inches short.

"Our defense played another outstanding game," commented head coach Barry Jones. "We had worked on the on sides kick all week, so we really weren't surprised when they tried it. We knew it might happen, we just didn't

respond."

The second half of the football game was mostly a defensive struggle.

Marc Meyer intercepted an Eagle pass to stop a drive at the St. Stanislaus 28.

The final scoring drive covered 75 yards and may very well have been the longest march of the year for the Rocks.

After St. Stanislaus took control of the ball on downs, Dennis Scardino picked up an apparent first down on the 37. Offsetting penalties moved the ball back to the 30.

The drive seemed to falter and the Rocks prepared to punt, however, a roughing the punter call gave new life to the team.

A 28 yard pass from Gex to Chuck Gallen set up Hourin's second touchdown run of 20 yards. The extra point snap was mishandled.

The eagles got the ball back and moved to the Rock's 14 before Mark Lichtenstein's fumble recovery stopped the drive.

Earlier in the game, Dave Boos killed a St. John threat with a fumble recovery at the 49. Another fumble by the Eagles allowed St. Stanislaus to run the clock out.

Quentin Hoda was in the right place this time to come up with the ball.

Back-up quarterback Brian Logan came into the game late in the fourth quarter after Joe Gex was injured.

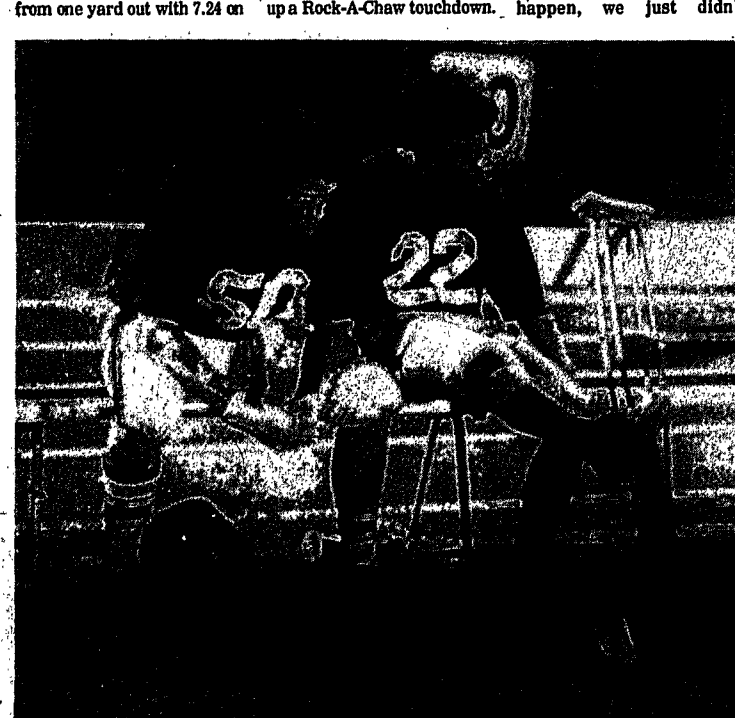

"Gex's injury doesn't appear to be too serious, maybe just a bad bruise on his knee," coach Jones said. "I believe he'll play next week."

Leading rushers for the Rocks were Mike Hourin with 103 yards and Joe Gex with 79.

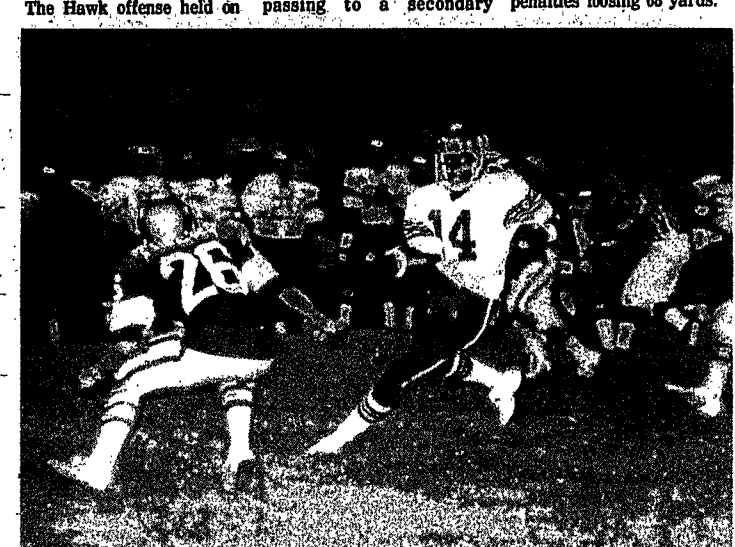

"We are basically a run-oriented team and will probably stay that way all year," Jones said.

"We do have the ability to pass when we have to," Jones added.

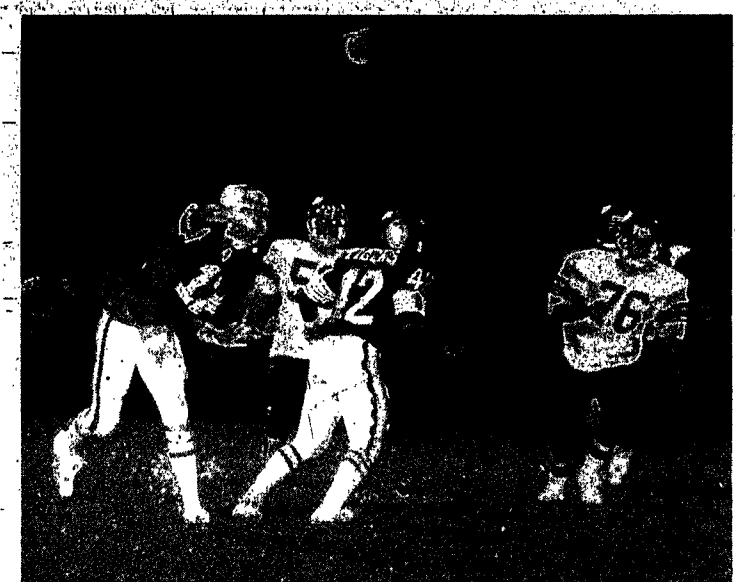

Next week the 3-0 Rocks will travel to Slidell, La.

He did not play in Friday's game against St. John because of a possible hair-line fracture of the knee. The Rocks won the contest 20-7, picking up 11 first downs and allowing only 7. Bay Junior High Tigers

Thursday defeated Hancock North Central Junior Hawks, 44-6.

Willie Darvey scored first for the Tigers on a hand off by Peter Bell for a 14 yard TD.

The PAT was made by Harold Gillum.

Gillum scored on a 87 yard run from a hand off by Bell. That second quarter PAT by Bell failed the second quarter.

The Hawks scored on a 74 yard run for a touchdown. The point after failed.

The following were stand outs on the Tigers defense: Mark Johnson, David Carve, David Melven, Mark Gambino, Larry Giveans, Harold Gillum, Michael Orlin, Eric Farve, Earl Terry, Jay Ginn, Kevin James and Eugene Raymond.

team effort and played a good game. We are fortunate this year to have seven good running backs including our two quarterbacks. We have a lot of depth on our line and backfield," said Coach Cleveland Williams.

This week, the Junior Tigers play Pass Christian Thursday at 7 p.m.

"We would like for our Tigers fans to come over and boost the team because we need your support," Coach Williams urged.

The seventh grade mini Tigers lost to Hancock North Central in overtime 6-0.

The seventh grade squad will play Pass Christian in Pass Christian at 5:30 p.m. Monday.

Penalties damage Pirates

By EDGAR PEREZ
The buccaneers of Pass Christian High School Friday night scored three touchdowns in a valiant effort against the heavily-favored D'Iberville Warriors who also scored three touchdowns.

But the Pirates somehow came up on the short end of the official scoreboard, 21-8. "I don't know what we have to do to win one," Pass Coach

The Pirates seem destined to equalize the seven points in short order when their old nemesis, the fumble, upset those plans.

With the Warriors back in possession, Evans did it to the Pirates again, racing in over right end from 30 yards out. The second Hoglen point after was good, and the Pirates took the half-time break to evaluate the situation down by 14.

"Our mistakes simply gave

three.

Bailey carried the ball in for the first Pass score, but the touchdown was nullified after officials determined the Pirates were guilty of illegal procedure.

Now with fourth and eight, Bradley rifled a pass to Split end Greg Porter who masterfully eluded two Warrior defenders to grab the shot in the endzone.

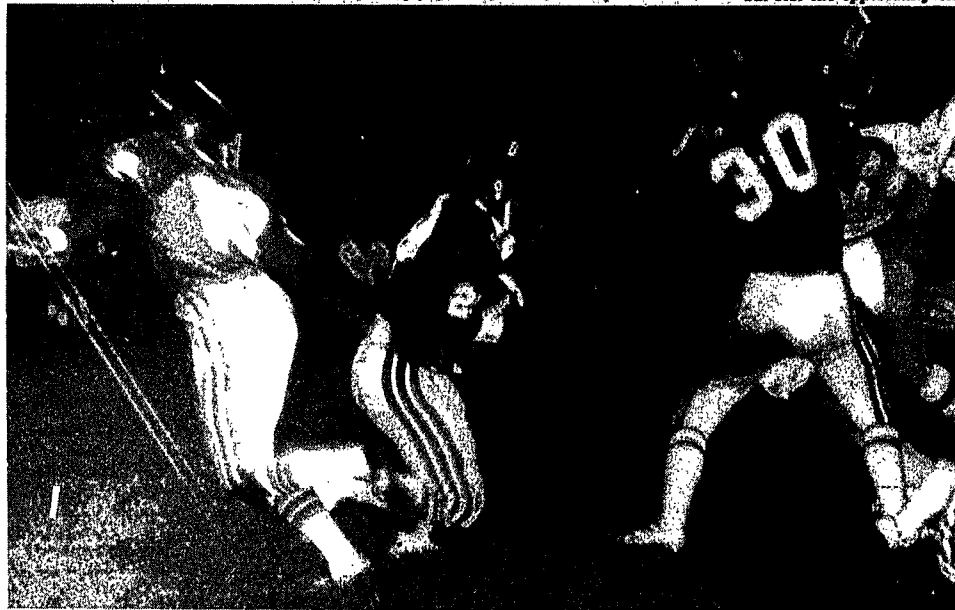

The spirit of Neptune apparently was not on board

ball failed to cover the required distance and the Warriors took over at mid-field.

Looking for insurance, the Warriors in five plays set up Fullback David Russell for a 12-yard scoring run late in the period.

Hoglen's third PAT kick was good, giving the Warriors their evening's 21-8 lead.

The Pirates stayed in the game with 2:30 on the clock, but lost the opportunity on a

STARTING DEBUT—Pass Christian Quarterback Ira Bradley, No. 10, passes off to Pirate Tailback Oscar Bailey, No. 20, as Flanker Danny Brown holds back D'Iberville Warrior defense in Friday night's McDonald Stadium fray. "I'm really satisfied with the job junior Ira Bradley in his first starting assignment at quarterback," said Pirate mentor Bob Lumpkin. (Staff photo by Edgar Perez)

Bob Lumpkin said of his charges who showed no sign of defeat until the contest was over.

"I guess we are just the victims of our own mistakes," he figured.

Both teams fielded flawless defenses in the first quarter, with no scores posted.

But midway through the second quarter, D'Iberville capitalized on a bobbled snap from center when Pass was in punt formation, partially blocking the kick which consequently traveled only 14 yards to the Pass 45.

Warrior powerhouse James Evans quickly translated that Pass miscue into six points, followed by a successful point-after boot by Chee Hoglen.

them their first 14 points," Lumpkin admitted later.

To open the second half, Flanker Danny Brown set the stage for Pirate revenge with a 20-yard kickoff return from his own 10 to the 30.

That act was followed by an array of Pirate backfield talent taking advantage of excellent work by the offensive line, moving the ball in a succession of some 16 downs to the Warrior goalline.

Covering the 90-yard distance for the Pirates were Brown for 20; Brown for six; Oscar Bailey for seven; Bailey for five; Bailey for four; Buck Bradley in his starting debut at quarterback for eight; Bailey for five; Danny Lizana for 15; Brown again for five; Bailey for seven; Brown for two; and the referees for five, giving the Pirates fourth and goal at the

with the Pirates Friday night, as that second score was also cancelled by the officials who ruled an ineligible receiver was downfield.

On a third fourth down try at the scoreboard, this time backed away to the Warrior 20, Bradley connected with Porter again but he was brought down short and D'Iberville took over.

After an Evans attempt was intercepted early in the fourth quarter by the Pirates deep in their own territory, Bradley set his sights on Tightend Michael Hall, first for 20 yards, again for 25, and again for 20 and the first "recorded" Pirate touchdown.

Bailey scoted over for two, giving his squad a new ball game at 14-8 with plenty time left.

Playing to win, the Pirates tried an on-sides kick, but the

fumble recovered by D'Iberville at the Pass 40.

"We have played two real tough ball clubs," Lumpkin said of the Pirates' opening losses, first to league-leading Vancleave and then the Warriors whose only loss in 27 regular games came the week before against Long Beach. "With a little luck and some much-needed concentration, we could have won either one of those games," the Pirate mentor feels.

"We'll be coming to Bay St. Louis Friday night to play," Lumpkin assures the Pirate neighbors.

"Bay High always does a good job, but we are looking for a win," said the leader of the 0-2 Pirates.

D'Iberville takes its 2-1 record against Harrison Central Friday night.

CONFERENCE STANDOUT—D'Iberville's triple-threat quarterback-running back James Evans, No. 19, eludes a Pass Christian defender in leading his teammates to a 21-8 victory over the Pirates Friday in McDonald Stadium. RELEASING FISH

Spare the pliers and spoil the fish is an apt description of what can happen if you don't have a pair of long-nosed pliers in your tackle box.

Here are some suggestions from Mercury outdoors fishing experts on the proper techniques to use.

The three sites where a hook will imbed are in the lip, in one of the gills, and in the gullet when the hook has been swallowed.

Of these, a hook in the gill is most likely to kill the fish because it opens a wound directly into the circulatory system.

There is a chance for survival, however, if the hook is carefully removed. The worst thing you can do is pull on the fishing line.

Push the hook through the gill, then use long-nosed pliers to mash the barb flat. Back the hook out without tearing the delicate filaments.

A hook in the gullet is difficult to remove, and a hook deep in the stomach is impossible to dislodge without seriously injuring the fish.

If you can see the hook, grasp the shank at the bend with your pliers, then try to back the hook out.

If this doesn't work, and chances are it won't because the tough gullet will move with the pressure, then twist upward and

expose the barb.

Mash it flat and gently work the hook backward until it clears the entry point. Deep hooks should be cut loose and left in the fish.

Lip hooked fish can usually be released by pushing the hook down and back.

Again, long-nosed pliers are handy and give extra leverage to do the job quickly.

USM eyes giant shrimp as cash crop

MACROBRACHIUM CARCINUS—A half-pound, freshwater shrimp, about as long as its name, is being studied by scientists at the University of Southern Mississippi to determine its potential commercial value.

A study at the University of Southern Mississippi indicates that selected types of freshwater shrimp could be developed into a cash crop for small businessmen in the warmer, southern part of Mississippi, as well as other sub-tropical areas in the U.S.

Dr. Gary Anderson, a professor of Biology and

director of the project, emphasized that the study is in its infancy.

"We have conducted research on four species of freshwater shrimp which are native to the Southeastern U.S. and to Central and South America," Anderson said.

"The commercial success, as I see it, may lie in shrimp farms which would operate in

a carefully controlled environment," he said. "But, that may be in the future. Additional research is needed and we need to analyze the collected data."

The research at USM simulates natural conditions in controlled environment chambers and varies the temperature and salinity of

the water containing the shrimp larvae. Survival results are computer analyzed and recorded by the researchers.

In their natural freshwater habitat, the shrimp mate approximately once a month from April through September, but in laboratory experiments water conditions can be manipulated to allow year round reproduction. The female extrudes eggs which are attached under her tail for about two weeks. The young are released after hatching and the tiny larvae drift with the current into brackish water while feeding on microscopic organisms. There they develop for one to two months then metamorphose, sinking to the bottom to begin life as adults. They make the return trip

upstream to fresh water in approximately two to five months, maturing, mating and continuing the life cycle of the species.

The laboratory shrimp at USM include a very large species, *Macrobrachium carcinus*. This variety was caught by Anderson in the Rio Grande River near Brownsville, TX last May. The adult male weighs a half pound and is easily recognized by his formidable blue-grey claws.

According to Anderson, the species can grow to just over three pounds, depending on growing conditions and the availability of food.

"We are trying to determine the optimum conditions for the development of these shrimp from larvae to the adult stage. So far, we have found that 25 parts per thousand (ppt) salt content and 81 degrees F. are best," Anderson said.

The brackish waters of the Mississippi Sound contain between 10 and 20 ppt of salt, which generally discourages the introduction of the laboratory shrimp during the reproductive season in some rivers and estuary systems such as the Pearl, Jourdan, Biloxi or Pascagoula.

With respect to aquaculture, the large shrimp have shown positive and negative characteristics. They are cold hearty and can survive mild winters, but they tend to be aggressive and had to be separated in the USM laboratories.

According to Anderson, domestication and selective breeding may produce a strain of shrimp with less aggressive tendencies.

A comparably large species of Malaysian shrimp is currently being studied by the Red Lobster Inns restaurant chain, the Weyerhaeuser Company, and other independent research agencies.

According to a spokesperson for Red Lobster Inns, the firm has successfully raised large freshwater shrimp of the Malaysian variety on farms located in Honduras. However, the cost of the operation has proved to be too expensive for commercial application at the present time.

Weyerhaeuser spokesman, Mike Mulvihill, said that a pilot project was imminent and that the company now believes the operation can be commercially viable. A farm in Brazil is to be constructed soon and completed sometime in 1981.

The Malaysian shrimp can not survive in cold conditions, but they are more docile than the shrimp being studied at USM.

The Mississippi Bureau of Marine Resources funded the first year of the USM project and according to Anderson, an additional grant proposal to continue the study is under consideration.

SMP Program Attracts Student

SMP does not stand for "Some More Pay," but try telling that to Mike Mandell.

Mike is an Army ROTC cadet at Ohio State University. When the Department of the Army announced a program designed to increase officer strength in the Army Reserve Forces by making membership available to Army ROTC cadets as part of the Simultaneous Membership Program (SMP), Mike jumped aboard.

"I was already in ROTC when I was advised that the Simultaneous Membership Program had been given a start," Mike said. "I was told if I could find a unit that could utilize my specialty and had a space for me, I could be assigned to that unit and commissioned immediately upon completion of ROTC requirements."

The new program wasted no time in rewarding Mike for his participation. He figures he'll make \$1,500 a year more than what he earned in ROTC alone. Not a bad pay day for a college senior.

"As a member of Army ROTC, I made \$900 last year. Now, I'll also be receiving an additional \$125 a month from the Army Reserve Program," Mike explained. "This extra money is really nice what with tuition and the cost of living going up. The \$1,500 will help me in paying off my car payments, my rent and appreciably help my ability to

pay for school."

In addition to his regular ROTC participation, Mike drills with his Reserve unit 16 hours a month and for two weeks every year. He will receive his commission as a second lieutenant after he graduates from Ohio State in the spring. Then, he said, he'll make his career in the Army.

Reservists are also eligible to take the two-year Advanced ROTC program for advancement and eventual commissioning as officers.

High school seniors can also benefit from SMP by including Army ROTC in their college curriculum and enlisting in the Army Reserve Forces. Then by taking initial military entry training before college, they can enter Army ROTC as members of the Advanced Course and become eligible for a commission after their sophomore year. By serving in their local Reserve Forces unit during the last two years of college, they will receive the rank and pay of a second lieutenant.

Students on college campuses across the country have expressed interest in the program.

"They get very interested in the program when they find out they can do things like parachuting and practicing management skills," cadet Mandell said. "I'm using actual skills that I would not have been able to use until I was out of college and at a job."

Eleven more miles of I-10 completed

Mississippi Highway Commissioner Bob Joiner of the state's southern district reports an 11 mile stretch of I-10 between Hwy. 57 east of Ocean Springs and Hwy. 63 near Escatawpa will be opened in 1:30 p.m. ceremonies Thursday, Oct. 9.

Kim Southerland of Jackson, Highway Department spokesman, confirmed Friday the remaining incomplete eight mile stretch between Hwy. 63 and the Alabama state line is the only portion of I-10 between Jacksonville, Fla. and Los Angeles, Calif. yet to be completed.

Southerland said there is no estimate available at this time on when that portion of the highway will be opened.

Lombardi, Barkley vows set in S. Carolina

Christine Yvonne Barkley became the bride of George Justin Lombardi on August 9 at Eternal Father of the Sea Chapel at Charleston Naval Base in South Carolina, where the bride and groom are lieutenants in the U.S. Navy.

Parents of the bride are Mr. and Mrs. Byron Joseph Barkley of Waveland. The

groom's parents are Mr. and Mrs. Pasquale Lombardi of Bronx, N.Y.

Rev. Michael White, U.S. Navy lieutenant, officiated the double ring ceremony before an altar decorated with arrangements of mixed white flowers.

Musical selections were provided by Mrs. Susan

Cowart, organist; and Rev. and Mrs. Michael White, vocalists.

Given in marriage by her father, the bride wore a formal gown of white chiffon fashioned with Victorian neckline embroidered with schiffli lace accented with a v-shaped flounce.

Her A-lined skirt was

bordered in schiffli lace and extended into a chapel length train. Roses, stephanotis and ivy adorned her hair and she carried a nosegay of identical flowers.

Cathy Barkley of Waveland attended her sister as maid of honor.

Bridesmaids were Barbara Ann Barkley of Waveland, sister of the bride and Mrs. Susan Lombardi Shepard of Bronx, N.Y., sister of the groom. Angela Benz of Metairie, La. was junior bridesmaid.

Miss Meridith-Matherne of Metairie was flower girl.

Bridesmaids were identically attired in floor length blouson style gowns of off-white crepe over a floral voile border print in shades of apricot, lavender, yellow and green with matching voile jackets. They wore floral headpiece combs of baby carnations and fern and carried arbutus lilies, miniature carnations, eucalyptus and fern.

Richard Lombardi of Bronx attended his brother as best man.

Groomsmen were Lt. Wynn Calland of Annapolis, Md. and

Lt. (J.G.) Charles Wilson of Charleston, S.C.

Ushers were Lt. (j.g.) Michael Kuhn, Lt. (j.g.) Kenneth Cole, Lt. (j.g.) Scott Hoffman, Lt. (j.g.) George Blouys and Ens. Michael Powell, all of Charleston, S.C.

The ushers also served as sword bearers, forming a 'sabre' arch after the ceremony.

A reception followed at the Officers' Club at the Charleston Air Force Base.

The bride's mother chose for the occasion a floor length empire style gown of peach crepe, fashioned with lace collar and sleeves. The mother of the groom was attired in a floor length shirtwaist gown of light blue crepe featuring pinch pleats from the waist to floor.

The bride's table held a three tiered cake decorated with fresh flowers flanked with baskets of peach silk roses.

For traveling to the Bahamas the bride chose a white linen pantsuit with raspberry blouse piped in white.

On return, the couple will reside in Charleston.

Methodists to welcome Mississippi Bishop Minnick

United Methodists from across the state will gather in Jackson September 23 to join dignitaries of church and state in formally welcoming Bishop and Mrs. C. P. Minnick to Mississippi.

The formal "Service of Presentation" and a reception immediately following will be held at the Jackson Municipal

Auditorium at 5 p.m.

Governor William Winter and Mayor Dale Danks of Jackson will represent leaders of government in welcoming Bishop Minnick whose term of service in Mississippi began September 1.

Religious leaders scheduled to speak words of welcome include Bishop Joseph B.

Brunini of the Roman Catholic Diocese of Jackson, the Rev. Fred Bush of the Episcopal Diocese of Jackson, and Rabbi Richard J. Birnholz, of Temple Beth Israel.

Bishop and Mrs. Minnick will be presented to the congregation by Bishop Carl J. Sanders of Dothan, Ala. Bishop Sanders retired this

summer following a tenure of service as bishop of the Birmingham Area.

Earlier in his ministry he served as a district superintendent in the Virginia Conference where Bishop Minnick was one of his pastors.

Presiding at the special ceremony will be the Rev.

Prentiss M. Gordon Sr., superintendent of the Cleveland District of the United Methodist Church.

He is the clerical leader of the Southeastern Jurisdictional delegation from the North Mississippi Conference.

He will be assisted by the Rev. John Ash of Vicksburg, clerical leader of the Mississippi Conference delegation. Introducing the Governor will be Joe Bailey of Coffeeville, a leading layman of the North Mississippi Conference and former member of the State legislature.

Other participants in the program include Dr. Aubrey Lucas, lay leader of the Mississippi Conference and president of the University of Southern Mississippi; George Berry of Leland, lay leader of the North Mississippi Conference; and Dr. Margaret Walker Alexander of Jackson, a member of Central United Methodist Church.

Special music for the presentation service will be led by the Rev. W. T. Guber and Mrs. Mary Taylor Sigman, both of Jackson.

Special music will be provided by the Rust College Choir of Holy Springs, and the Millsaps Singers of Millsaps College in Jackson. Both colleges are United Methodist schools.

Bishop Minnick was elected bishop of the United Methodist Church by the Southeastern Jurisdictional Conference in session July 15-19 at Lake Junaluska, N.C.

He was appointed to serve the Jackson Area which includes the whole state of Mississippi. Prior to his election he was district superintendent of the Alexandria District in Virginia.

Everyone is invited to join in this official welcome and presentation of Bishop and Mrs. Minnick and to the reception which follows.

PULPIT POINTS

By L. S. WALKER, D.D.
AMERICA'S GREATNESS among the nations of the world must be attributed largely to her unique religious heritage. The nation's history cannot be written apart from the spiritual, moral and cultural contribution of her Christian churches.

Let us never underestimate their constant influence in shaping and guiding her character and her destiny. Our churches must be maintained as strong and viable Biblical institutions, true and faithful to God. I hope we will hasten to abandon the idea recently cultivated by some that worship should be a performance instead of an experience. What makes a worship service what it ought to be is the real presence of God.

Great churches are not necessarily the result of large congregations, large memberships, elaborate facilities, increased budgets, high price talent, or even a prestigious pastor.

These all may help to make a great church a greater church; but great churches are made only of great Christians - Great in love; great in their devotion to God; great in Christian service; great in Christ-like character! Salvation is the experience of lost sinner receiving Jesus Christ as his or her Saviour. "For ye are the children of God by faith in Christ Jesus." Gal. 3:26.

Christianity is a redeemed sinner following Christ as Lord. If Christ is "The Way,"

and He is; then, any other way is folly indeed! When churches become more concerned about the Lord's Commission, then we'll do something about the world's condition.

When we do the simple things that we all can do, then God will do the super-natural things which He alone can do, just try and see!

A common complaint by many is that "my church is not what it should be!" The pressing question, then, is: what am I doing to make it what it ought to be? All churches, like every other area of human society, have problems. As a member of my church I am either a part of the problem or a part of the answer. Which?

Among the simple things we all can do to make our church

a "greater church" are to:

(1) **ATTEND IT!** Many members do not do a very good job at that.

(2) **EXTEND IT** for the benefit of others (witnessing and sharing is much a part of the church's ministry).

(3) **COMMENT IT** by talking it up, not down.

(4) **DEFEND IT** against its enemies. There are lots of them, within and without.

(5) **BEFRIEND IT** with every opportunity. These five simple things we all can do. In so doing, our church can indeed be a **GREAT CHURCH**. Remember, God can use you, but He cannot use your excuses!

"And he said unto them all, if any man will come after me, let him deny himself, and take up his cross daily, and follow me" - Luke 9:23.

There's an Answer!

Afraid to lose again

Q. Please send me your free booklet, Let Not Your Heart Be Troubled. You see, my mother committed suicide. I am having a terrible time: accepting the idea of never having a mother around to turn to when I have a problem! Also it is hard to accept the way my father is acting. He has given his girlfriends my mother's clothing and jewelry. He refuses to give his children anything that was our mother's. He told me to get out of his house and never come back. I think I'm driving my own family up the wall. If I don't get help I may cause my

husband to divorce me. I couldn't stand losing him.

A. The fact that you are experiencing some rough times is all the more reason to keep your head. As far as you are able to do so, hold your emotional reactions under control. And even when things seem the worst, believe that you can ultimately work out a satisfactory situation. The best way to do that is to back away from it all at the moment.

The booklet you asked for is on its way to you. Anyone wishing a free copy may write to us at Box 500, Pawling, N. Y. 12564.

Tutoring program seeks volunteers

An organizational meeting in connection with a special tutoring program for Waveland area school children in grades one through twelve is scheduled for 7 p.m. Thursday at Waveland Civic Center.

"We are particularly anxious to have persons who will be able to serve as volunteer tutors at this first meeting," said Clarence Harris of Waveland, coordinator for the program.

"We hope to be able to help those children who are having problems. We feel there is a definite need for this type of program in Waveland," Harris added.

He said he hopes the program will eventually include assistance for high school juniors and seniors in their approach to the job market, including how to effectively complete employment applications.

For information on the program, interested persons may contact Harris at 467-7043, or write him at 528 Amar St., Waveland, 33676.

UNO historian plans 'Explorers, Warriors and Battles' lectures

A three part lecture series on "Explorers, Warriors and Battles" will be conducted by Dr. Stephen E. Ambrose, University of New Orleans professor of history, beginning Wednesday, October 8, at UNO.

A specialist in military history, Dr. Ambrose will discuss "The Lewis and Clark Expedition" October 8 and 15; "The Death of Custer and Crazy Horse," October 29 and November 5; and "D-Day: The Invasion of Normandy," November 12 and 19.

All lectures, which are part of UNO's Continuing Education noncredit Program, will be held from 7:40 p.m. to 9:40 p.m. and will be accompanied by presentations of slides taken by Dr. Ambrose in the areas of discussion.

Dr. Ambrose and his family have spent the past four summers on the trail of Lewis and Clark in America's Northwest while he does research for a biography of Lewis.

They also spent several summers camping at the scene of nearly all of Crazy Horse's and Custer's battles, which was the basis for Dr. Ambrose's biography, "Crazy Horse and Custer: The Parallel Lives of Two American Warriors."

Last spring, Dr. Ambrose, who is the official biographer for any of the individual of General Dwight D. Eisenhower, toured the Division of Continuing Education at 504-283-0351.

NOTICES

NOTICE OF PUBLIC HEARING
Notice is hereby given of a public hearing to be held jointly by the Department of Natural Resources, Bureau of Pollution Control and the Mississippi Gulf Coast Regional Wastewater Authority. The public hearing will be held on Wednesday, October 29, 1980, at 7:30 p.m. in the Biloxi Community Center at 500 E. Howard Avenue, Biloxi, Mississippi.

The purpose of the hearing is to receive public comments on the Gulf Coast Area-wide Wastewater Management Program. This program has been developed by the Gulf Coast Regional Wastewater Management Commission through an Interagency Agreement with the Bureau of Pollution Control Pursuant to the provisions of Section 208 of Public Law 92-275, the Clean Water Act. Part of the program is an Amendment to the Gulf Coast Area-wide Wastewater Management Plan (208 plan).

Documentation in the form of:
(1) Summary of the Gulf Coast Area-wide Wastewater Management Program;
(2) Report No. 1: Wastewater Management Configuration Plan Selection;
(3) Report No. 2: Public Involvement Program;
(4) Report No. 3: Existing Wastewater Treatment Plant Review;
(5) Report No. 4: Wastewater Management Plan Description;
(6) Report No. 5: Authority Activation Plan;

will be available in the following public libraries during normal working hours from September 22, 1980, through October 29, 1980.
Bay St. Louis-Hancock County Library, Highway 90, Bay St. Louis; Waveland Library, Coleman Avenue, Waveland; Biloxi Public Library, Lemoyne Street, Biloxi; North Bay Area Branch Library, Central Avenue, D'Iberville; St. Martin Public Library, Lemoyne Boulevard, Biloxi; Gulfport-Harrison County Library, 21st Avenue, Gulfport; Harrison County Library-Orange Grove Branch, Norwood Village Shopping Center, Gulfport;

City of Long Beach Library, Jeff Davis Avenue, Long Beach; Pass Christian Public Library, Heyn Avenue, Pass Christian; Moss Point City Library, McInnis Avenue, Moss Point; Ocean Springs Municipal Library, Dewey Street, Ocean Springs; Pascagoula City Library, South Pascagoula Street, Pascagoula.

The public is urged to review the documentation in the libraries and to provide input, critique and comment so that its views can be considered in the adoption of the Gulf Coast Wastewater Management program.

Representatives of the Bureau of Pollution Control and the Wastewater Authority will be available during the hour preceding the hearing for the purpose of clarification and discussion. In addition, public meetings will be held on October 1 and 2, 1980, at the following times and locations:

October 1, 1980 - 7:30 p.m. - Gulf Coast Junior College, Auditorium, in the Fine Arts Building Auditorium.
October 2, 1980 - 10:00 a.m. - Bay St. Louis - Hancock County Library.
October 2, 1980 - 7:30 p.m. - Mississippi Power Company Building, Gulfport.

OFFERING SALES, MANAGEMENT AND LOAN SERVICE
TALK ABOUT YOUR OLD OAK TREES!!!

As you eat a leisurely steak (cooked on the brick grill nearby) sitting in this huge landscaped yard (1 1/2 acres) contemplating the location for your swimming pool with your guests, who have parked their motor home at your private hook-up nearby, all of this taking place in the shade of one of Bay St. Louis' oldest & largest oak trees, limbs drooping to the ground under the massive weight of the members and age of its existence. Also you glance at your lovely older 3 bedroom & den stucco home with exquisite knotty pine (not paneling) in several rooms, utility area furnished with washer & dryer, & refrigerator & range in lovely central knotty pine kitchen, with sliding glass doors looking out from the dining area to the lovely front yard. Your gravel drive winds through the entire block to the opening on State St., passing by the three room hobby & storage bldg. You are so excited with all of your property - you can't believe you were lucky enough to get all of this for less than \$80,000. From BARE!!!!

We forgot to tell you about the fireplace & screen porch! Hurry & call us to tie your yellow ribbon on this lovely oak today!!!!
